Platform Overview

The Infinity Legal Platform is a comprehensive legal tech SaaS designed for the South African market. It combines AI-powered legal intake, member management, attorney portals, and a lead intelligence engine into a unified enterprise-grade platform.

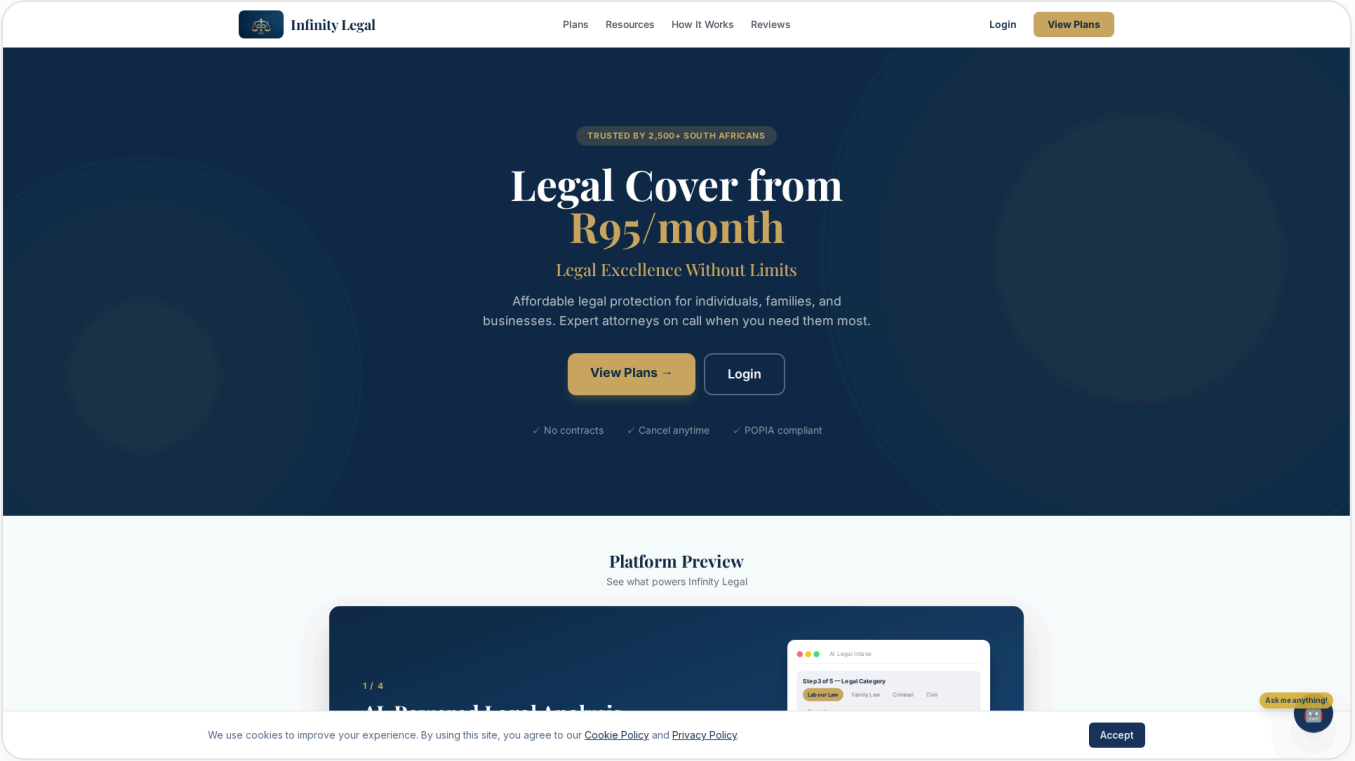
Key Achievements This Sprint

- ✓ **Pricing Updated:** All three plans now reflect official pricing — Basic R95, Premium R115, Business R130/month
- ✓ **Email Lead Capture:** Premium template downloads now gated with email capture modal (name + email collection, POPIA compliant)
- ✓ **App Content Carousel:** Homepage carousel now shows interactive mock-ups of AI Intake, Member Portal, Staff Portal, and Lead Engine
- ✓ **Three-Portal Architecture:** Member, Staff, and Admin portals fully built with mock data for client demonstration
- ✓ **AI Legal Intake:** 5-step wizard connected to MongoDB with Zod validation and GPT-4o analysis
- ✓ **Lead Scraper UI:** Web & social media lead intelligence interface with scoring and filtering
- ✓ **Legal Resources Hub:** 6 articles, 6 templates, 16 FAQs, 6 claim forms — all SA law specific
- ✓ **Brand Compliance:** Official logo integrated across 22+ locations, Navy #0f2b46 & Gold #c9a961 throughout

Homepage & Platform Preview

Homepage Hero Section

The main landing page features the "Legal Cover from R95/month" headline, trust badges, and clear CTAs for plan selection and login.



Interactive Platform Carousel

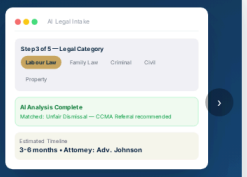
A new "Platform Preview" carousel showcases interactive mock-ups of the four major platform features: AI Legal Analysis, Member Dashboard, Staff Command Centre, and Lead Intelligence Engine. Each slide includes a miniature UI representation.

See what powers Infinity Legal

1 / 4

AI-Powered Legal Analysis

Our AI instantly analyses your legal situation, identifies the relevant area of law, and connects you with the right attorney — all in under 5 minutes.



How It Works

Three simple steps to legal protection

STEP 1

Join

Choose a plan that fits your needs. Sign up in under 2 minutes. No contracts, no hidden fees.

STEP 2

Request

Submit your legal matter through our portal or call your attorney directly. AI analysis included.

STEP 3

Resolved

Your dedicated attorney handles everything — consultations, documents, court representation.

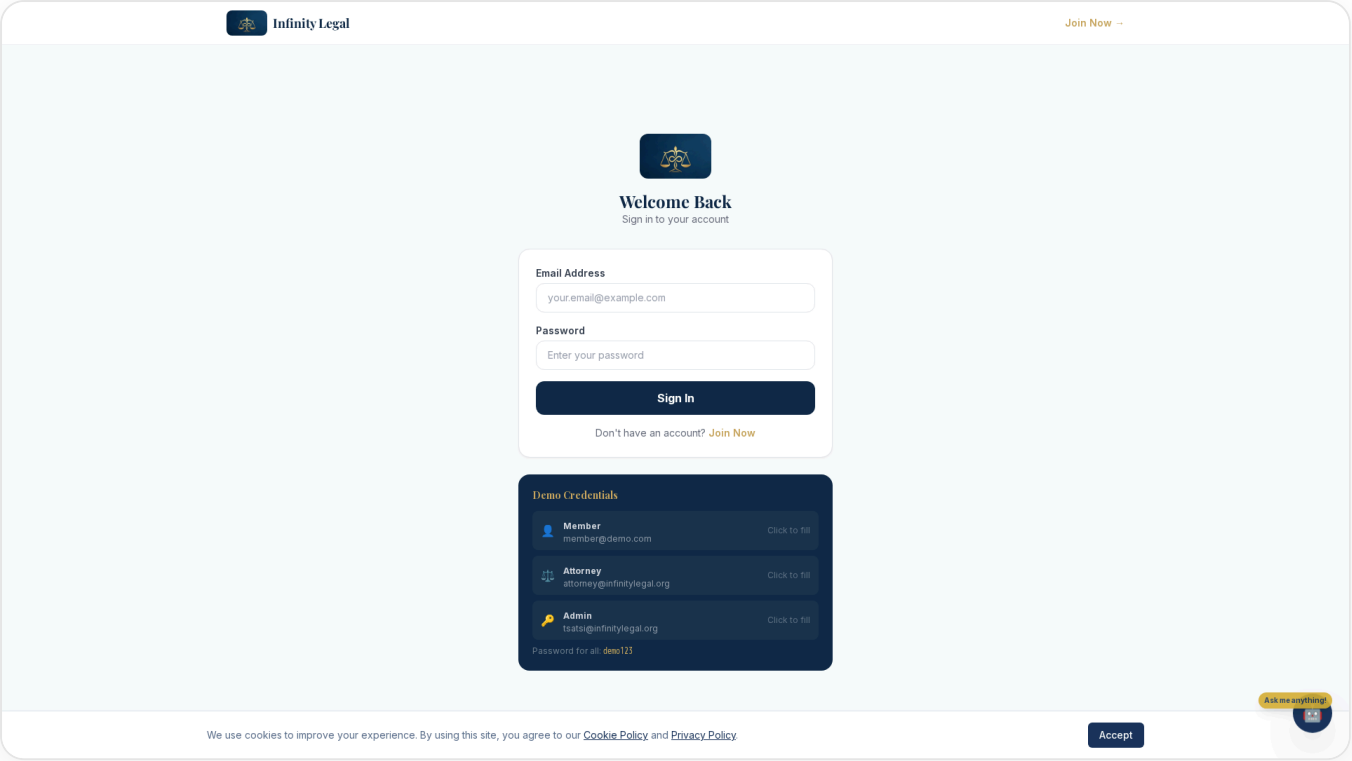
Dedicated Attorney	—	—	✓
Compliance Audit	—	—	✓

Feature	Basic (R95/mo)	Premium (R115/mo)	Business (R130/mo)
Monthly Legal Report	—	—	✓

Portal System

Authentication & Login

Secure login with demo credential quick-fill for client presentations. Three distinct portals: Member, Staff (Attorney), and Admin.



Three-Portal Architecture

Member Portal — Members track requests, view case status, manage plans, and communicate with attorneys.
Staff Portal — Attorneys manage assigned cases, review intakes, track deadlines, and access the lead intelligence engine.
Admin Portal — Full system oversight: revenue analytics, member management, staff performance, and system settings.

Demo Credentials

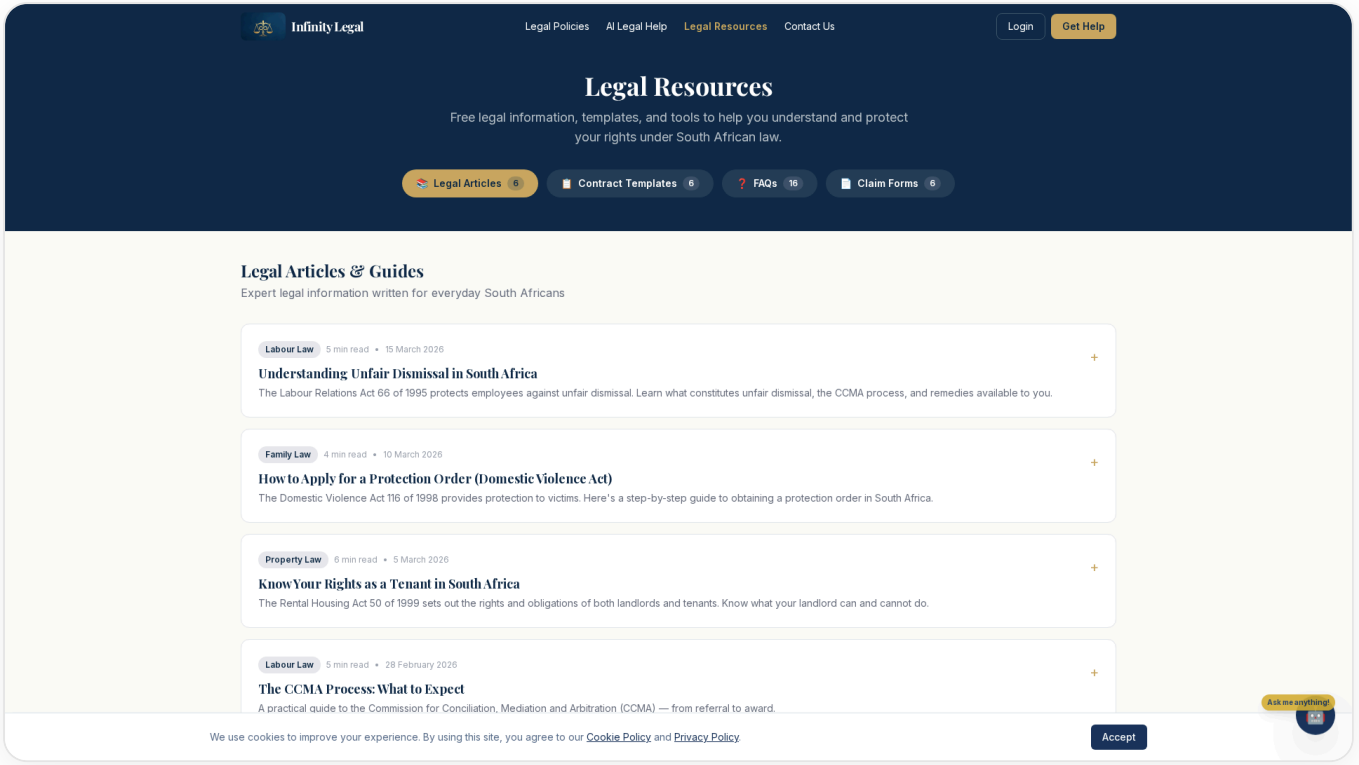
Portal	Email	Password	Role
Member	member@demo.com	demo123	Premium Member
Staff	attorney@infinitylegal.org	demo123	Attorney

Portal	Email	Password	Role
Admin	tsatsi@infinitylegal.org	demo123	CEO / Admin

Legal Resources & Lead Capture

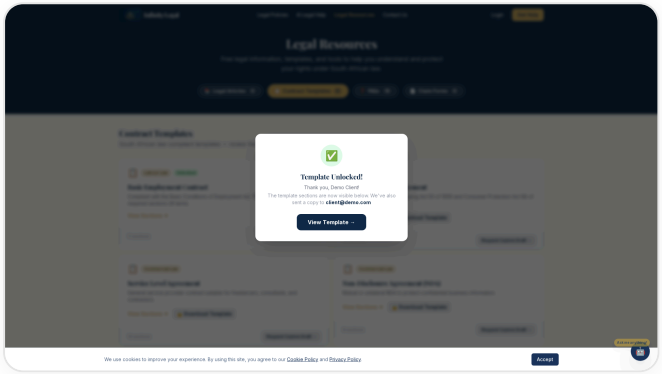
Legal Resources Hub

A comprehensive free resource centre with 4 tabs: Legal Articles (6), Contract Templates (6), FAQs (16), and Claim Forms (6) — all specific to South African law.



Email Gate — Lead Capture Modal

Premium contract templates require email capture before download. This generates qualified leads for the sales team while providing genuine value to visitors. The modal includes name/email collection, POPIA compliance notice, and a success confirmation.



Template Unlocked — Success State

Updated Pricing — R95 / R115 / R130

Development Roadmap

Completed Milestones

- **Phase 1: Public Intake Wizard** DONE
  5-step AI-powered intake form connected to MongoDB, Zod validation, GPT-4o legal analysis
- **Phase 2: Cases Module — TS Clean Architecture** DONE
  Strict TypeScript entity → use-case → repository pattern for case management
- **Demo Environment Build** DONE
  Complete mock portals (Member/Staff/Admin), localStorage auth, demo data arrays, Lead Scraper UI
- **Brand Integration & Resources** DONE
  Official logo across 22+ locations, Legal Resources hub with 34+ items, email gate for templates
- **Pricing Update & Carousel Enhancement** DONE
  Updated all pricing to R95/R115/R130, interactive app content carousel with mock UI previews

Upcoming Work

- **Phase 3: Leads Module — TS Rebuild** IN PROGRESS
  Migrate leads logic to strict TypeScript Clean Architecture pattern
- **Phase 4: Documents Module** UPCOMING
  Document management with TS Clean Architecture
- **Convert Demo → Real Backends** UPCOMING
  Wire Member/Staff/Admin portals to MongoDB and Supabase auth
- **Advanced Analytics Dashboard** FUTURE
  Real reporting with charts, KPIs, and export functionality
- **PayFast Payment Integration** ON HOLD
  South African payment processing for subscriptions (awaiting instruction)

Live Demo URL

Access the full platform at: **https://demo-staging-1.preview.emergentagent.com**

Use the demo credentials on the login page to explore all three portals.
